Schedule an Installation

To schedule and installation please complete a project scope by clicking on the following link.

<https://atldesigngroup.com/trimarc/project-scope/>

INSTALLATIONS WILL NOT BE SCHEDULED UNTIL WE RECEIVE A COMPLETED SCOPE!

ALL ITEMS MUST BE RECEIVED IN OUR WAREHOUSE BEFORE SCHEDULING

Please complete the entire scope. Incomplete scopes may result in delays. Once completed hit the SUMBIT button at the bottom of the form and the scope will be emailed to Customer Service for processing.

Please make sure that all needed services are stipulated on the project scope as this is what Customer Service uses to allot time and manning to complete your installation. Once on site if there is additional work that was not listed on the scope the installers will complete the scope work first and if time permits the installers can complete the other work.

The time allotted for each installation is critical as it is very important that we do not exceed the time allotted, so we can get to the next appointment on time. TriMarc makes every effort and prides itself on being at their appointments on time every time.

ADG Home Orders:

All ADG orders that are more than \$5,000 receive a one-hour FREE installation. Orders over \$15,000 receive a two-hour FREE installation.

Receiving

Upon receipt we will open, inspect and blanket wrap each piece, remove cartons and await further instructions. Please note that "inspection" is primarily checking for major damage, scratches, bad finish, tears, etc. Our dock team are not experts at pleating and cannot confirm fabric color from sku number. A Receiving Report notifying you of the pieces received that notes any damage will be emailed to client after receipt and inspection.

TriMarc Local Installation Rates

The following items are not typically covered by inspection, though if we catch them, we will of course let you know:

- Missing hardware (bolts, screws, etc)**
- Shades (do not remove cellophane so imperfections may not be noticed)**
- Rugs (left in manufacturer plastic, if packaging intact)**
- Bedding (left in manufacturer packaging)**
- Window treatments (left in manufacturer packaging)**

Flat packed pieces consisting of many parts (e.g. IKEA, a dresser from Overstock that arrives in 2-3 flat boxes) will **NOT** be opened for inspection of individual pieces, unless the outer packaging shows damage.

For damages, we will provide all information to the client needed for them to file a claim (photographs, BOL, packing list, evaluation of damage as freight or manufacturer). Trimarc does not file claims for items with a carrier. With the information we will also provide a repair estimate (if applicable) and will handle repairs as requested.
